**HEGELE LOGISTIC, LLC OPENS LOGISTIC CENTER IN WOOD DALE, IL*****New Facility offers more than 200,000 square feet to further expand and improve logistics services worldwide***

Hegele Logistic, LLC, a full scope logistics provider for high tech products, has signed a lease agreement with AMB Property Corporation for a new logistics center in Wood Dale, IL providing more than twice as much space as its previous site. Due to the tremendous growth the company has experienced over the past years, Hegele Logistic has relocated from its 90,000 square feet facility at the beginning of June 2011. In Wood Dale, the service provider will expand in particular their refurbishing and spare part business for medical equipment and utilize the 207,000 square feet state of the art warehouse space the new location offers. Hegele will provide clean room conditions for refurbishing and testing processes and the storage area will be temperature & humidity controlled as well as highly secured in order to store high value electronic products. "The new facility will help us to provide a larger portfolio of services tailored for customers with special requirements in regards to their products and delivery" says Christoph Sitzer, CEO of Hegele Logistic, LLC. The facility is designed to accommodate all kinds of equipment from light pieces (e.g. electronic boards) to very heavy equipment such as MRI machines or aircraft turbines.

**About Hegele Logistic, LLC**
